Lesson Expectations at SARINA SHS

LESSON PREPARATION

Wait patiently in two lines to enter the classroom. Only take school resources into the classroom.

After instructed, take a seat, eyes to the front and prepare for the lesson to commence. Always respect your learning environment.

Learning objectives

Prepare yourself for learning
Take time to review the learning objective and success criteria for the lesson.
If you are unsure, ask your teacher to clarify.

Warm up

Rapid recall routine
Activate the knowledge you have learnt in previous lessons and put it into practice!

I do

Teaching of new content
This is teaching time. Pens down, Laptop closed, Active Listening.

We do

Lets practice the skills together
You will be guided through this part of the lesson. Be prepared for some feedback from your teacher.

You do

Your turn to apply the learning content
Using the examples provided and the feedback given, this phase allows you to apply and demonstrate the new learning that has taken place.

Ploughing back

Review the learning that has taken place
Take a look at the learning objectives and the success criteria for the lesson.
Take time to review the new learning that has taken place.
