MUSIC CAMP 2015

The instrumental music students had a wonderful experience on their overnight camp at the Rural Skills Centre last week. The group enjoyed talking with professional musician Mike Jackson who shared his experiences of making music around the country as well as hands on ocarina and ukulele workshops.

The evening was filled with song and dance as Mike led the group in an evening bush dance. There were lots of activities to keep the group busy over the 2 days such as a scavenger hunt, rhythm workshop, bucket drumming, games, movies, breakfast at the park and heaps of delicious food to eat.

A special thank you to Miss Ennis and Miss Patch for organising such an amazing cultural experience.
