From the Principal

School overview

Sarina State High School is a coeducational school of approximately 800 students in Years 7-12, with 16% identifying as Indigenous. Serving a rural community to the immediate south of Mackay, many students travel to school by bus from up to 100 km away.

Our school emphasises a culture of high expectations. Our varied curriculum caters for targeted learning needs and enables students' opportunities to progress and explore personalised pathways. Our strong and positive links within the local community have formed a strong foundation to allow for work placements, school base apprenticeships and traineeships.

Vision

Our teaching vision:

- Inspirational teaching and quality learning are the cornerstones of the school.
- Our focus remains firmly on all students- ensuring all students have equal opportunity, are encouraged and focused to do their very best, always giving 100%.
- We believe that learning is enhanced when there is a good working partnership between parent, teacher and student. If all aspire to, and work towards a common goal, lifelong learning prospers.

Values

Be respectful: Act as you would like to be treated

Be a learner: Nothing but your best

Be responsible: Be accountable for your actions

Be safe: Always be careful

Our priorities

Explicit Improvement Agenda

High quality teaching:

High expectations of teaching and learning through Art and Science of Teaching (ASOT) strategies & reflective practices (profiling, instructional rounds, coaching, observations)

Quality-assured curriculum:

Consistent approach to curriculum delivery through whole school moderation, alignment, planning and assessment

Whole school approach to literacy:

Enhance teacher knowledge and student literacy outcomes in reading and writing

1. Student counts are based on the Census (August) enrolment collection.
2. Indigenous refers to Aboriginal and Torres Strait Islander people of Australia.
3. [pre-Prep](#) is a kindergarten program for Aboriginal and Torres Strait Islander children, living in 35 Aboriginal and Torres Strait Islander communities, in the year before school.

In 2019, there were no students enrolled in a pre-Prep program.

The [class size](#) targets for composite classes are informed by the relevant year level target. Where composite classes exist across cohorts (e.g. year 3/4) the class size targets would be the lower cohort target.

Curriculum implementation

The P–12 curriculum, assessment and reporting framework specifies the curriculum, assessment and reporting requirements for all Queensland state schools' principals and staff delivering the curriculum from Prep to Year 12. Further information on school implementation of the framework is available at <https://education.qld.gov.au/curriculum/stages-of-schooling/p-12>.

Our approach to curriculum delivery

Sarina SHS continues to be innovative in its implementation of its study programs in both the junior and senior school. This ensures that our students have access to a curriculum which promotes positive outcomes for all students. The school emphasizes academic excellence throughout its wide range of subject offerings. Across the school there is a strong focus to improve reading and writing skills. As a school we recognize that students have diverse learning needs, abilities, interests and aspirations. This diversity is catered for by the differentiation of the school curriculum to ensure that every student has access to a quality education.

The school's curriculum offerings provide students with opportunities to develop skills and knowledge relevant to local employment opportunities. The curriculum provides for all students to learn in areas of personal strength and interest. It values students' strengths and offers opportunities to further build on their skills and existing knowledge. The school works hard to provide learning experiences through the curriculum that are accessible, challenging and engaging for students. Curriculum offerings for Years 11 and 12 provide students with a choice of 20 General subjects and nine Applied subjects. In addition to these 11 Vocational Education and Training (VET) certificate courses are available for students to include in their courses of study. These certificate courses are delivered by a

range of Registered Training Organisations (RTO). The school's Rural Skills Community Centre is integral in providing facilities and training that support student success in many of these courses.

Emphasis on the general capabilities including literacy and numeracy is apparent throughout planning processes across the curriculum. Students who are at risk of disengaging are provided with opportunities to develop these capabilities through programs offered at the Rural Skills Community Centre that allow them to improve literacy and numeracy in an individually relevant and practical way.

How information and communication technologies are used to assist learning

Information and communication technologies (ICT) are an important part of contemporary schooling. The Australian Curriculum includes ICTs as a general capability across all learning areas, as well as Digital Technologies as a specific learning area. Further information on models used by schools to assist learning is available at <https://education.qld.gov.au/parents-and-carers/school-information/student-ict-device-programs/one-to-one-models>.

An engaging digitally rich learning environment has been provided at school for our students. Sarina State High School has a strong commitment to encouraging the wide use of the ICTs across the curriculum areas. Our school values the importance of being digitally connected with our community.

We support our staff with quality professional development which will assist them to transition from traditional classrooms, to incorporating digital tools and online environments. The school has networked computers, interactive whiteboards and multi-media projectors. Access to technology is incorporated into classroom practice across a variety of subject areas for research purposes, completion of classwork and certificate courses in information technology.

Students use computers to facilitate research and independent learning around the gathering and recording of information across all key learning areas. Approximately 90% of students participate in the BYOD Program. The school has a range of devices available for all students to gain equal access to the digital curriculum.

Extra-curricular activities

Queensland state schools provide a wide range of subjects and extra curricula activities such as sport, art, music and school camps. Further information can be found here <https://www.qld.gov.au/education/schools/information/programs>.

Social climate

Overview

Sarina State High School fosters a supportive environment that is based on a close working relationship between students, parents and teachers. The welfare of students and social climate of our school is underpinned by a network of student support. Sarina SHS students are well supported by a team of personnel which include the Guidance Officer, Community Education Counsellor, Chaplain and School Based Youth Health Nurse. The progress and welfare of the students in each year level is coordinated by a Head of Year and members of the Leadership Team. The Student Council is led by the Student Executive (Year 12 students elected by the student body) and consists of year level representatives. They provide an active leadership to the students and contribute to fundraising, support charities and provide input into school decisions. Junior Secondary representatives also contribute in the interests of students in Years 7, 8 and 9. Respect is continually referred to and reiterated in relation to learning and interpersonal relationships.

Each Queensland state school develops and enacts policies to support an integrated approach to behaviour, learning and teaching.

Our Student Code of Conduct is our school's behaviour policy, with information about school rules, consequences and processes for addressing bullying and the use of technology. A copy of this is available on our school website.

Further information is also available at <https://www.qld.gov.au/education/schools/health>.

Parent and community engagement

Our approach to engaging with parents and the community is aligned to the departments Parent and community engagement framework. The framework helps students, schools, parents and the community to work together to maximise student learning and wellbeing. Research shows parent and community engagement that is effectively focused on student learning can deliver powerful outcomes. Further information is available at <https://education.qld.gov.au/parents-and-carers/community-engagement>

Respectful relationships education programs

Our school has implemented the Respectful relationships education program (RREP) as part of the broad multi-departmental Queensland Government approach to ending domestic and family violence.

The RREP is a Prep to Year 12 prevention program that focuses on influencing behavioural change to build a culture based on equality and respect in our students, staff, parents and wider community. Students are provided opportunities to explore social and emotional learning in self-awareness, self-management, social awareness, relationships, ethics, values, social norms, gender roles, stereotypes, human rights, risk and responsible decision-making. A growing body of evidence shows that social and emotional learning of this nature leads to:

- improved social and emotional skills, self-concept, bonding to school and classroom behaviour
- less disruptive classroom behaviour, aggression, bullying and delinquent acts
- reduced emotional distress such as depression, stress or social withdrawal.

Further information is available at <https://education.qld.gov.au/curriculum/stages-of-schooling/respectful-relationships>

School disciplinary absences

Table 6: Count of incidents for students recommended for school disciplinary absences at this school

Type of school disciplinary absence	2017	2018	2019

Long suspensions – 11 to 20 days	18	9	12
Exclusions	4	2	3
Cancellations of enrolment	5	8	4

Note:

School disciplinary absences (SDAs) are absences enforced by a school for student conduct that is prejudicial to the good order and management of the school.

Environmental footprint

Reducing this school's environmental footprint

Environmental education has been a feature of Queensland schools for more than 30 years. In many schools it has been creatively and proactively incorporated into the curriculum in each phase of learning, and is also reflected in the school's facilities and in the actions of its principals, teachers and students.

Table 7: Environmental footprint indicators for this school

Utility category	2016–2017	2017–2018	2018–2019
Electricity (kWh)	419,764	418,622	448,955
Water (kL)	1,544	3,205	5,008

Note:

Consumption data is compiled from sources including ERM, Ergon, CS Energy reports and utilities data entered into OneSchool* by schools. The data provides an indication of the consumption trend in each of the utility categories which impact on this school's environmental footprint.

*OneSchool is the department's comprehensive software suite that schools use to run safe, secure, sustainable and consistent reporting and administrative processes.

School funding

School income broken down by funding source

School income, reported by financial year accounting cycle using standardized national methodologies and broken down by funding source is available via the [My School](#) website.

How to access our income details

1. Click on the *My School* link <http://www.myschool.edu.au/>.
2. Enter the school name or suburb of the school you wish to search.

The screenshot shows a search interface with a text input field labeled 'Search by school name or suburb', three dropdown menus labeled 'School sector', 'School type', and 'State', and a magnifying glass search icon.

3. Click on 'View School Profile' of the appropriate school to access the school's profile.

The screenshot shows a rectangular button with the text 'View School Profile' in a dark font.

4. Click on 'Finances' and select the appropriate year to view the school financial information.

The screenshot shows a horizontal navigation menu with several items: 'School profile', 'NAPLAN', 'Attendance', 'Finances' (which is highlighted), 'VET in schools', 'Senior secondary', and 'Schools map'.

Note:

If you are unable to access the internet, please contact the school for a hard copy of the school's financial information.

Qualification of all teachers

The Queensland College of Teachers (QCT) is responsible for ensuring that teaching in Queensland schools is performed by an appropriately qualified person, that has successfully completed either -

(a) a four-year initial teacher education program including teacher education studies of at least one year (e.g. a Bachelor of Education, or a double Bachelor degree in Science and Teaching) or

(b) a one-year graduate initial teacher education program following a degree (e.g. a one-year Graduate Diploma of Education (Secondary) after a three-year Bachelor degree) or

(c) another course of teacher education that the QCT is reasonably satisfied is the equivalent of (a) or (b). These are considered on a case-by-case basis.

For more information, please refer to the following links

- https://cdn.qct.edu.au/pdf/Policy_Teacher_registration_eligibility_requirements
- <https://www.qct.edu.au/registration/qualifications>

Professional development

Teacher participation in professional development

Queensland state schools undertake 5 staff professional development days (25 hours) throughout the year:

- 2 days at the end of the summer holidays (fixed)
- 2 days during the Easter holidays (flexible)
- 1 day in the third last week of Term 3 (fixed) on the student free day.

Notes:

1. The apparent retention rate for Year 10 to Year 12 = the number of full time students in Year 12 expressed as the percentage of those students who were in Year 10 two years previously (this may be greater than 100%).
2. *Indigenous* refers to Aboriginal and Torres Strait Islander people of Australia.

Student destinations

The Queensland Department of Education conducts [annual surveys](#) that capture information about the journey of early school leavers and Year 12 leavers from school to further study and employment.

Early school leavers

The destinations of young people who left this school in Year 10, 11 or before completing Year 12 are described below.

Schools work closely with a range of external agencies to support students who left school early.

Our Principal, Deputy Principal, Regional Transitions Officer or Guidance Officer liaises with early school leavers and their parents, providing a service 'beyond the school gate' to assist early leavers make a successful transition to other educational pursuits or employment.

Next Step — Post-school destinations

The results of the 2020 Next Step post-school destinations survey, *Next Step – Post-School Destinations* report (information about students who completed Year 12 in 2019), will be uploaded to this school's website in September 2020.

To maintain privacy and confidentiality of individuals, schools with fewer than five responses will not have a report available.

This school's report will be available at <https://sarinashs.eq.edu.au>.
