Application to enrol in a Queensland state school

This sheet contains information on how to complete the Application for student enrolment form (SEF-1 Version 8).

Entitlement to enrolment

Under the *Education (General Provisions) Act* 2006 (*Qld*) a state school must enrol a prospective student if they are entitled to enrolment. While not exhaustive, the following matters may affect a prospective student's entitlement to enrol in a state school:

- if the school has a School Enrolment Management Plan or an Enrolment Eligibility Plan (enrolment is subject to eligibility under the plan)
- the applicant is a prospective mature age student (the applicant can only apply for enrolment at a mature age state school and will be subject to a satisfactory criminal history check, or as a student in a program of distance education. All prospective mature age students must have a remaining allocation of state education.)
- the prospective student is not of correct age for enrolment (relates to Preparatory Year and Years 1 to 6)
- the prospective student has been excluded, or is subject to suspension from a state school at the time of the application
- the school principal reasonably believes that the prospective student presents an unacceptable risk to the safety or wellbeing of members of the school community (application is referred to the Director-General)
- the school is a state special school and the prospective student does not meet the criteria for enrolment in a special school
- the proposed enrolment requires approval as part of a flexible arrangement under s.183 of the Education (General Provisions) Act 2006 (Qld), and the arrangement has not yet been approved
- the prospective student is not an Australian resident or citizen or the child of an Australian permanent resident or citizen (visa restrictions may apply, fees may be charged, in some cases legislation requires that the prospective student must obtain approval from the Chief Executive via Education Queensland International (EQI) to enrol)
- the school does not offer the year level that the prospective student should be enrolled in
- the prospective student has no remaining semester allocation of state education.
 Enrolment cannot proceed until additional semesters are applied for by the prospective student (or parent on their behalf) and granted.

Prospective student

A prospective student is a person who has applied to enrol at a state school but who has not yet been accepted for enrolment.

Parent's occupation and education

All parents across Australia, no matter which school their child attends, are asked to provide information about family background (answering this question is optional). The main purpose of collecting this information is to promote an education system which is fair for all Australian students regardless of their background.

Court Orders

Any court orders concerning the prospective student's welfare, safety or parenting arrangements should be provided to the school, and the school should also be provided with any new or updated orders.

Name on enrolment form

A prospective student should be enrolled under their legal name as per their birth certificate. There is provision to also record a preferred family and/or given name. The preferred name will be used on internal school documents such as class rolls. The legal name will appear on semester reports unless there is a specific request to use the preferred name only. This request can come from parents/carers or the student (if the student is independent/mature age).

Gender

Information about gender is supplied to the Federal Government to comply with State funding agreements. The gender category with which a person identifies may not match the sex they were assigned at birth. There is no requirement for a student's gender recorded on this form to align with the sex shown on their birth certificate or passport.

Religious Instruction

Religious instruction is a program approved and provided by a religious denomination or religious society. Other instruction relates to part of a subject area that has been covered within the curriculum and may include, but is not limited to, personal research and/or assignments, revision of class work, and wider reading. Information about religious instruction available at the school, and about other instruction, is provided by the school at the time of enrolment and on the school's website.

Introduction to the State School Consent Form (attached) for Sarina State High School

This letter is to inform you about how we will use your child's personal information and student materials. It outlines:

- · what information we record
- how we will use student materials created during your child's enrolment.

Examples of personal information which may be used and disclosed (subject to consent) include part of a person's name, image/photograph, voice/video recording or year level.

Your child's student materials:

- are created by your child whether as an individual or part of a team
- may identify each person who contributed to the creation
- may represent Indigenous knowledge or culture.

Purpose of the consent

It is the school's usual practice to take photographs or record images of students and occasionally to publish limited personal information and student materials for the purpose of celebrating student achievement and promoting the school and more broadly celebrating Queensland education.

To achieve this, the school may use newsletters, its website, traditional media, social media or other new media as listed in the 'Media Sources' section below.

The State School Consent Form may, at your discretion, provide consent for personal information and a licence for the student materials to be published online or in other public forums. It also allows your child's personal information and student materials to be presented in part or alongside other students' achievements.

The school needs to receive consent in writing before it uses or discloses your child's personal information or student materials in a public forum. The attached form is a record of the consent provided.

It should be noted that in some instances the school may be required by the Education (General Provisions) Act 2006 (Qld) or by law to record, use or disclose the student's personal information or materials without consent (e.g. assessment of student materials does not require further consent).

Voluntary

There will not be any negative repercussions for not completing the State School Consent Form or for giving limited consent. All students will continue to receive their education regardless of whether consent is given or not.

Consent may be limited or withdrawn

Consent may be limited or withdrawn at any time by you.

If you wish to limit or withdraw consent please notify the school in writing (by email or letter). The school will confirm the receipt of your request via email if you provide an email address.

If in doubt, the school may treat a notice to limit consent as a comprehensive withdrawal of consent until the limit is clarified to the school's satisfaction.

Due to the nature of the internet and social media (which distributes and copies information), it may not be possible for all copies of information (including images of student materials) once published by consent, to be deleted or restricted from use.

The school may take down content that is under its direct control, however, published information and materials cannot be deleted and the school is under no obligation to communicate changes to consent with other entities/ third parties.

Following is a list of online and social media websites and traditional media sources where the school may publish your child's personal information or student materials subject to your consent.

Duration

During the school year there may be circumstances where the school or Department of Education may seek additional consent.

School Dress Code

Sarina State High School is a uniform school. We believe that the correct wearing of the uniform assists students to identify with their school. This encourages good, positive attitudes, which flow over into the learning area. The proud wearing of the school uniform adds much to the school tone. The Sarina State High School Student Dress Code has been drawn up and endorsed by parents, students and teachers. Every effort has been made to ensure the uniform is as inexpensive as possible, modest and dignified, practical and popular with students. Moreover, it is important to realise that our uniform code is a vital facet of the education strategy of the school. At Sarina State High School, we value neat, tidy, dignified personal presentation, which will prepare students for the workforce and develop pride in being part of a team.

School Dress Code

Our school community fully supports the wearing of the school uniform.

The uniform is endorsed by the school's Parents & Citizens Association and through the State Legislation (EGPA 2006). A school uniform helps in achieving the school's identity, cohesion, tone, pride and spirit.

- Workplace Health and Safety requirements prohibit the wearing of open footwear such as thongs and also canvas/fabric footwear. Students wearing such footwear will be isolated in a safe area or allowed to return home to change their footwear.
- Hair must be clean and a natural colour. Styles should be appropriate to school, i.e. not designed to attract
 undue attention due to their unusual nature (such as razor patterns). Any student who chooses to get an
 inappropriate hairstyle (including colouring) will be isolated from normal activities until rectified.
- The only jewellery permitted is a watch, two pairs of plain sleepers or studs (in the ears 4 earrings in all) and one plain ring.
- Facial piercings such as eyebrows/nose/lip/tongue are permitted but MUST be a single, clear, small and discreet stud. No obvious or distinctive facial piercings are allowed.
- Make-up, including coloured nail polish, is not permitted.
- While students are able to wear sunglasses when they are out in the sun, students are not permitted to wear them in classrooms. When in class, sunglasses are to be kept in the student's pocket or in a case on the student's desk. No responsibility will be accepted for the damage to or loss of sunglasses at school.
- If, due to unforeseen circumstances, a student is unable to wear the correct uniform, they must report to the Head of Year before school begins and they are expected to change into a spare uniform provided for that purpose for the duration of the school day. If the process is not followed students will be required to attend detention as per the Student Code of Conduct.

Please Note: Shoes must meet safety regulations—Full leather/vinyl shoes (formal or joggerstyle), Full BLACK upper and BLACK sole trim with matching BLACK laces, no other colour is permitted.

QParents Application

Sarina State High School provides parents with access to an online portal called QParents. The QParents web and mobile application provides an easier way to interact with our school. The application will have secure, online access to your student's information on your smart phone, tablet or computer. Signing below acknowledges that Parent/Carer 1 will be invited to the QParent Application. You will receive an email for each student to become a QParents Account Owner.

I also authorise the teachers to obtain medical assistance which they deem necessary should an accident occur, and agree to pay all medical expenses incurred on behalf of the above student. I further authorise qualified medical practitioners to administer anaesthetic if such an eventuality arises.

Student use of mobile devices policy

Important to note

- For the purpose of this document, *mobile phones and wearable devices* include mobile phones, smartwatches, handheld devices and other emerging technologies which have the ability to connect to telecommunication networks or the internet.
- This document does not apply to personal or school-owned devices, such as iPads, tablets or laptops, that are approved for educational use as part of the school's Bring Your Own Device (BYOD) policy.

Overview

Queensland state schools are committed to reducing the distraction of mobile phones and wearable devices to provide optimal learning environments for all students.

'Away for the day' aims to:

- provide optimal learning and teaching environments, free from the distractions caused by personal use of mobile phones and wearable devices
- support schools to create safe and supportive learning environments that prioritise student engagement and wellbeing
- encourage increased face-to-face social interactions between students
- promote the health and wellbeing of students by providing opportunities for social interaction and physical activity during break times, and
- reduce the potential for students to be exposed to the negative impacts of the digital world, resulting
 from unsafe or inappropriate use of technology, such as cyberbullying, accessing harmful content or
 breaches of personal privacy.

Student use of mobile phones and wearable devices at school

From Term 1 2024, all state school students must keep their mobile phones switched off and 'away for the day' during school hours. Notifications on wearable devices, such as smartwatches, must be switched off so that phone calls, messages and other notifications cannot be sent or received during school hours.

This document also applies to student attendance at school activities, such as representative school sport, excursions and camps, unless otherwise determined by the school principal.

Students may only use their mobile phone or have wearable device notifications enabled during these times if they are participating in a teacher-led educational activity that complies with the school's local implementation approach, or have an approved exemption for medical, disability and/or wellbeing reasons.

Students participating activities, such as off-site Vocational Education and Training or work placements must follow the expectations of the organisation in charge regarding the use of mobile devices.

Bringing mobile phones and wearable devices to school

The *Student Code of Conduct* details staff responsibilities to support students to understand and meet behavioural expectations of the school, and guidance on the application, where required, of disciplinary consequences.

<u>Students are discouraged from bringing mobile devices to school.</u> If a student brings a personal device to school, the school does not take any responsibility for the loss or damage of this item.

School expectations:

- Students must not access or use their mobile phone or wearable device for the duration of the school day from 8:50am to 2:55pm.
- Smart watches may be worn but must be disabled / disconnected from other devices during school hours.
- Mobile phones are to be stored in student storage lockers during the day ie. not in pockets, bags, pencil cases etc
- Students who are seen by any staff member accessing their mobile device will be asked to turn off their device and take it to the storage lockers.
- Students will not be permitted to use their device to pay for items during the school day. They will be required to use cash or a physical debit card.
- Only students with an approved exemption will be permitted to use their device for a specific time / purpose.
- Smart watches and phones may only be permitted to be brought on camps and excursions under the direction of the Principal, however may only be used at set times as indicated by school staff.
- Any student not meeting these expectations may receive consequences.

In determining student consequences, school staff will take into consideration the individual circumstances of each student. This means making decisions that are reasonable for the situation. Possible consequences for failing to meet the stated expectations include:

1st and 2nd instances:

- providing a verbal reminder to the student or class about expected behaviour
- directing the student to place the mobile phone in storage
- directing the student to switch off notifications on their wearable device
- applying a detention for a defined period of time.

Subsequent instances:

- removing the device temporarily and returning to the student or requesting their parent collect the device at the conclusion of the school day
- applying a detention for a defined period of time.

Failure to comply:

• if a student argues about taking to the phone to the office or refuses to hand it in, further consequences will be applied as per Student Code of Conduct.

Mobile phones and wearable devices that have been temporarily removed from the student must be stored and retained in accordance with the department's <u>Temporary removal of student property by school staff</u> <u>procedure</u>.

Schools are encouraged to consider preventative measures such as the development of a whole-school approach that promotes the safe, respectful and positive use of mobile phones and other technology through delivery of the Australian Curriculum and specific programs focused on digital literacy.

When managing inappropriate online behaviours or reputation management incidents, the primary concern must be the safety and wellbeing of the students and/or staff members involved. Further guidance on responding to online incidents can be found in the Online incident management guidelines for school leaders and How to manage online incidents that impact your school flowchart.

Storage of mobile phones

Sarina State High School students who bring their mobile phone to school, will be expected to place their phone into a **school provided combination locker before the start of the school day**. The device is to remain in the locker until the end of the school day or until the student has permission to take it out.

Exemptions

Students with an approved exemption must only use their mobile phone or wearable device for the intended, approved purpose. These students will be provided with a card that indicates they have an exemption to use their device in specific circumstances.

Individual circumstances

Consideration of individual circumstances must be given to students who require temporary or ongoing exemptions to the school's local implementation approach, including where:

- the mobile phone or wearable device is used by the student to monitor or manage a medical condition (in accordance with the <u>Managing students' health support needs at school procedure</u>)
- the mobile phone or wearable device is used as an agreed reasonable adjustment for a student with disability or learning difficulties
- the mobile phone or wearable device is used by the student as an augmentative or alternative communication system or as an aide to access and participate in the environment, e.g. navigation or object/people identification applications
- the mobile phone or wearable device is used as an agreed adjustment for a student with English as an additional language or dialect
- the student has extenuating circumstances that necessitates the need for access to their mobile phone
 or wearable device during the school day, including (but not limited to) students who contribute
 financially to their household, independent students, and students who are primary carers for a child or
 family member, or
- students in Years 11 and 12 are applying for Access Arrangements and Reasonable Adjustments (AARA) for assistive technology.

Principals (or their delegates) will consider requests for exemption received from students or parents on a case-by-case basis. When considering an exemption request, principals (or their delegates) may seek additional information to support the need for the student to access their mobile phone or wearable device during the school day.

Approved exemptions, including details of how and when a student may access their mobile phone or wearable device, should be documented in the student's OneSchool Support Provisions tab and communicated to school staff, including temporary relief staff.

In making a decision not to approve an exemption, principals (or their delegates) will undertake an assessment of the human rights that may be impacted by the decision and consider whether the limit placed on those human rights is reasonable and justified. The assessment should be documented appropriately.

Where an exemption is not approved and the student or their parent expresses dissatisfaction with the decision, information about how to make a customer complaint and how a complaint will be managed should be made available in accordance with the <u>Customer complaints management procedure</u>.

School specific exemptions

It is acknowledged that the use of mobile phones and wearable devices can support the school's teaching and learning programs by providing valuable learning experiences for students, as well as supporting day-to-day school operations.

Teachers, in line with their Head of Department, may give permission for students to use their mobile phone or wearable device in the classroom, for a specific and agreed educational purpose

Students may be permitted to access and use their mobile phones and wearable devices during school representative sports, camps or excursions at specified and supervised times (in accordance with the School excursions procedure).

Use of mobile phones and other electronic devices during these activities will be outlined in the information and permission documentation issued prior to the excursion / camp / activity.

Where principals make a decision to permit the use of mobile phones and wearable devices under these specific circumstances, consideration should be given to:

- whether the same outcome can be achieved using student or school-owned devices approved for educational use as part of the school's BYOD policy
- whether the student's mobile phone is able to be connected to the school's network, to support safe and filtered access to the internet (in accordance with the <u>Use of ICT systems procedure</u>), and
- ensuring students only use their mobile phone or wearable device for the intended, agreed purpose.

Online Services Consent Form Year 10 - 12

Introduction to the Online Services Consent Form for Sarina State High School

Our school uses tools and resources to support student learning, including third party (non-departmental) online services hosted and managed outside of the Department of Education network.

Online services, including websites, web applications, and mobile applications, are delivered over the internet or require internet connectivity. Examples may include interactive learning sites and games, online collaboration and communication tools, web-based publishing and design tools, learning management systems, and file storage and collaboration services.

This letter is to inform you about the third party online services used in our school and how your child's information, including personal information and works, may be recorded, used, disclosed, and published to the services (if you provide your consent for this to occur).

The Online Services Consent Form is a record of the consent provided.

About the online services

After evaluation, the principal has deemed specific third party online services appropriate for school use. These online services are listed on the consent form.

Third party online service providers are external to the school, and the services may be hosted onshore in Australia or offshore outside of Australia. Data that is entered into offshore services may not be subject to Australian privacy laws. When considering whether to provide your consent, we encourage you to read the information provided about each online service, including the *terms of use* and *privacy policy,* which outline how information and works will be used and under what circumstances they may be shared.

Student information

The consent collected by the form covers both student personal information (e.g. name, date of birth) and school-based information (e.g., student username, email, year level) as outlined on the form.

Where permitted by the service provider, de-identified information will be used and/or efforts will be made to limit the amount of personal information disclosed and stored within online services (e.g., when registering accounts, only mandatory information will be disclosed).

Student works

Works might include materials such as student projects, assignments, portfolios, images, video or audio. Where student works will be created within, stored or published to the online service (in some cases, published information or works will be viewable by the public), this will be indicated in 'additional consent requirements' in Section 5 of the Online Services Consent Form.

Parent information

Where your personal information (e.g. parent email, name, contact details) will be disclosed to the online service, this will be indicated in the 'additional consent requirements' in Section 5 of the Online Services Consent Form.

Purpose of the consent

Third party online services are used for various purposes. The purpose of use for each service is outlined in Section 5 of the Online Services Consent Form. For example, teachers may use online services with students to support curriculum delivery, complete learning activities and assessment, facilitate class collaboration, and create and publish class work (e.g. projects, assignments, portfolios).

The Online Services Consent Form records your consent for your child to register accounts, use, and, where specified, publish their work to these services. The form also collects your consent for school staff to collect, store, and transmit information to online services in order to manage school operations and communicate with parents and students.

It should be noted that, in some instances, the school may be required or authorised by the *Education* (*General Provisions*) *Act 2006* (Qld) or by law to record, use or disclose the student's personal information or materials without consent.

Voluntary consent provision

It is not compulsory to provide consent. If your consent is not given, this will not adversely affect any learning opportunities provided by the school to your child.

Consent may be limited or withdrawn

You can withdraw your consent at any time by notifying the school in writing (by email or letter). The school will confirm the receipt of your request via email if you provide an email address.

You may also limit your consent by providing consent for some, but not all, online services listed on the form.

Requests to limit consent in relation to how the 'Information covered by this consent form' and the 'Approved purpose' (Section 2 and 3 of the form) are applied to a specific service, will be treated as "do not consent", as the school cannot guarantee correct implementation of individual requests.

Due to the nature of the internet, it may not be possible for all copies of information (including images and student works that have already been disclosed or published) to be deleted or restricted from use if you request it. The school may remove content that is under its direct control, however, information and works that have already been disclosed and published cannot be deleted, and the school is under no obligation to communicate changes to your child's consent circumstances to online service providers.

Duration of consent

The consent applies for the period of time specified on the form. You may review and update your consent at any time by notifying the school in writing (by email or letter).

There may be circumstances where the school issues a new consent form to seek additional consent e.g. in the event that new online services are identified for use.

Who to contact

To return the form, express a limited consent, withdraw consent or ask questions regarding consent, please contact Mr Matt Allen, Deputy Principal on 4943 8111 or malle90@eq.edu.au

Student Resource Scheme - Participation Agreement Form

The Student Resource Scheme

The Student Resource Scheme (SRS) is a user-charging scheme operated by schools to provide parents with a mechanism to access individual student resources that are not funded by the government.

Government funding for schools does not extend to individual student resources and equipment for their personal use or consumption. Supply of these items, such as textbooks and personal laptops/iPads, is the responsibility of the parent.

The objective of the scheme is to provide parents a convenient and cost-effective alternative to individual supply of resources for their students. Participation in the SRS is optional, and no obligation is placed on a parent to participate.

Terms and conditions for participating in the scheme are provided on the reverse side of the form. Information is also provided on the Textbook and Resource Allowance (TRA) where applicable.

This Participation Agreement Form applies for the duration of a student's enrolment at the school, however parents who are participating in the scheme can choose to opt out from the SRS in future years by completing a new Participation Agreement Form. Any new Participation Agreement Form submitted annually and received by the school will supersede the previous form lodged.

Parents pay the annual participation fee in accordance with the selected payment arrangement. If a student joins the school mid-year, a pro-rata participation fee may apply.

Parents not participating in the scheme must provide their student with all items that would otherwise be provided by the scheme as detailed in the information provided by the school. Parents can choose to join the SRS in future years by completing a new Participation Agreement Form.

To assist schools in managing and administering the scheme, parents are requested to complete the Participation section of this form and return it to the school.

If parents have not completed and returned the form before the due date indicated by the school in the SRS Annual Parent Information documents, the school will take the view that the parent does not wish to participate.

Payment

On agreeing to participate in the SRS, a parent agrees to pay the participation fee as advised and invoiced by the school. For families experiencing financial hardship, please contact the school as soon as possible to discuss options available.

Participation I wish to participate in the Student Resource Scheme. I have read and understand the Terms and Conditions of the scheme (see reverse) and agree to abide by them and to pay the annual participation fee in accordance with the selected payment arrangement. I understand that I can opt out of participation in the SRS in any year by completing a new Participation Agreement Form. I have read the terms and conditions and I do not wish to participate in the Student Resource Scheme. I understand I must provide my child with all items that would otherwise be provided by the SRS as detailed in the information provided by the school. I understand that I can choose to join the SRS in future years by completing a new Participation Agreement Form. Terms and Conditions

Definition

 Reference to a "parent" is in accordance with the definition in the Education (General Provisions) Act 2006 and refers equally to an independent student.

Purpose of the SRS

- In accordance with the Act, the cost of providing instruction, administration and facilities for the education of students enrolled at state schools who are Australian citizens or permanent residents, or children of Australian citizens or permanent residents, is met by the State.
- Parents are directly responsible for providing textbooks and other personal resources for their children while attending school.
- The SRS enables a parent to enter into an agreement with the school to provide the resources as advised by the school for a specified annual participation fee.

Participation in the SRS

- Participation in the SRS is optional and parents are under no obligation to participate.
- The school will provide parents with a list of resources supplied by the SRS to enable parents to assess the cost effectiveness of participation.
- Parents indicate whether or not they wish to participate in the SRS by completing this Participation Agreement Form.
- 8. Parents must complete and sign the Participation Agreement Form and return it to the school by the advertised date.
- This agreement is for the duration of the student's enrolment at the school, unless a new Participation Agreement Form is completed.
- 10. Parents are given the option annually to choose whether to participate in the SRS or not by completing this form.
- 11. Where a parent signs up to participate in the SRS they are agreeing to pay the annual participation fee for the items provided by the SRS.
- Payment of the participation fee implies acceptance of the SRS including the Terms and Conditions irrespective of whether or not the signed form has been returned.
- 13. Where a student starts at the school during the school year, the parent may be entitled to pay a pro-rata participation fee to participate based on a 40-week school year.
- 14. Where a participation fee has been paid and a student leaves the school during the year, the school must determine if the parent is eligible for a pro-rata refund. This will also take into account any pro-rata of the Textbook and Resource Allowance (TRA) (see Additional Information regarding TRA eligibility) and any outstanding SRS debts (including any debts from damaged or non-returned items). Where the cost of outstanding debts is higher than the calculated refund, the parent is liable to pay this balance of funds.

Non-Participation in the SRS

- 15. Parents who choose not to participate in the SRS are responsible for providing their student with all items that would otherwise be provided by the SRS to enable their student to engage with the curriculum.
- 16. The school will provide non-participating parents with a list of resources the parents are required to supply for their child.
- All items included in the SRS must be able to be independently sourced, purchased and supplied by parents who choose not to participate in the SRS.
- 18. As the SRS operates for the benefit of participating parents and is funded from participation fees, SRS resources will not be issued to students whose parents choose not to participate in the SRS.

The Resources

- 19. SRS funds received by the school will only be expended on student resources outlined in the school's SRS and will not be expended on other items or used to raise funds for other purposes.
- 20. In return for payment of the participation fee, the SRS will provide the participating student with the entire package of resources for the specified participation fee. It is not available in parts unless specifically provided for by the school in the fee structure.
- 21. The resources, as determined and advised by the school maybe:
 - retained by the student and used at their discretion; or
 - · used/consumed by the student in the classroom; or

- hired to the student for their personal use for a specified period of time
- 22. All SRS resources hired to a student for their temporary use remain the property of the school. The resources must be returned by the agreed date or if the student leaves the school.
- 23. Parents are responsible for ensuring that any hired SRS resources provided for their child's temporary use are kept in good condition.
- The school administration office must be notified immediately of the loss or damage to any hired item.
- 25. Where a hired item is lost, not returned, or damaged, parents will be responsible for payment to the school of the value of the item or its repair.
- 26. The replacement cost of any resource may be up to the maximum value (subject to depreciation where appropriate) of the acquisition cost to the school.
- Parents may be responsible for supplying their child with other resources not specified in the SRS as advised by the school.

Payment Arrangements

- Payment of the participation fee may be made in whole, as per a nominated payment plan, or for another amount as approved by a Principal
- 29. Payment of the participation fee must be made as per the payment methods nominated by the school.
- Any concessions relating to the participation fee will be at the discretion of the Principal.

Debt Management

- 31. Payment of the participation fee is a requirement for continued participation in the SRS.
- 32. Non-payment of the participation fee by designated payment date(s) may result in debt recovery action in accordance with the Department's Debt Management Procedure https://ppr.ged.qld.gov.au/pp/debt-management-procedure

Parents' Experiencing Financial Hardship

- Parents experiencing financial hardship who are currently participating in or wish to participate in the SRS should contact the school to discuss options.
- 34. Principals may vary payment options, negotiate alternative arrangements and/or waive all or part of the participation fee for parents experiencing financial hardship.
- 35. The onus of proof of financial hardship is on the parent.
- 36. The school may require annual proof of continuing financial hardship.
- 37. All discussions will be held in the strictest confidence.

Additional Information

Textbook and Resource Allowance (TRA)

- The Queensland Government provides financial assistance to parents of students in Years 7 to 12, to offset the costs of textbooks and other resources. Assistance is provided in the form of a TRA which is paid through the school. Refer to the department's website for current TRA rates https://education.qld.gov.au/about-us/budgets-funding-grants/grants/parents-and-students/textbook-resource-allowance.
